20.11.06 New website for London venues

20/11/2006

Unique Venues of London is revamping its website in the new year as it looks to make online event planning easier

From January, www.uniquevenuesoflondon.com will allow buyers to browse the 63 venues within the UVL portfolio by capacity. These range from intimate properties like the Wellington Arch to larger venues such as The Natural History Museum and The Royal Opera House.

In addition to the venue details, the website will also include supplier details, such as caterers and producers, as well as a recruitment section that will allow venues to advertise posts for staff.

Chairman of Unique Venues of London Charlotte Reeves said the new website would help planners looking to host events in London. "We hope organisers will use the website to create exciting and unique events."
